BOLAJI OLAYINKA JOSEPH

Bolajiolayinka980@gmail.com, +2349035569571, +2347058980818, Lagos, Nigeria.

PROFILE

I am a smart software engineer who thrives on providing solutions by building web apps that scale. I add value to organisations by writing clean and re-usable code, liaising with clients, or teammates on software design/development. I can work independently (with little or no supervision) and I am a team player, I have good communication skills and I am emotionally intelligent.

SKILLS

I have:

- o Proficient Understanding of **HTML5**, **LIQUID**, **CSS**, **Sass**, **Bootstrap** and **Material UI**.
- o Good Understanding of **JavaScript** and **React.js**.
- o Good Experience working with Restful APIs and Services.
- o Good Understanding of React State management Libraries **Context API** and **React-Redux**.
- o Basic Understanding of **Python** for data fetching and analysis
- o Basic Understanding of **Solidity, Truffle and Ganache** for the creation of Dapps and Blockchain applications.
- o Good Understanding of backend/database tech (**Node.js, Express**, **Mongo Db** and **mySql**).
- o Proficient use of **Liquid** templating engine. (Shopify Templating Engine).
- o Good understanding of unit and integration tests. (**Jest** and **Cypress**).
- o Experienced knowledge of Software Development from the business point of view.
- o Proficient Use of **Git** for version Control.
- o Proficient Understanding of design tools and how to collaborate on them (**Photoshop**, **Sketch**, **Figma**)
